Information provided is based on experience with tests, trials, or practices as well as general observations over multiple years.

Individual results may vary. Nunhems USA, Inc. ("Nunhems") strives to provide accurate and complete information, descriptions, content, illustrations, images, and data ("Information") on its websites, social media sites/posts, and printed materials ("Publications") as such information is reasonably available to Nunhems at time of compilation. When the information is based on experiences with tests, trials, or practices, such information is provided by Nunhems as closely as commercially possible to such experiences. Information may also be based on general observations. However, Nunhems cannot guarantee the information in any form whatsoever; therefore, the information is provided on an 'AS IS' basis and without any guarantee, either express or implied, including, without limitation, that the information is accurate or complete. Under no circumstances is the information to be considered as advice or as a recommendation. Buyer is solely responsible for seed selection and purchasing decisions, including whether to rely upon the information and for determining suitability of the seed for the intended growth and use under buyer's local conditions.

The Publications are intended to help buyer identify plant diseases that may or could affect his/her crops. The images may give a distorted image of reality and may otherwise not be an accurate portrayal of the disease.
