Notwithstanding the foregoing, Child Labor does not cover activities such as helping their parents around the home, assisting in a family business or earning pocket money, in each case outside school hours or during school holidays

2. Objective

- 2.1. The present General Purchase Conditions will always form an integral part of the Agreement. Conflicting or deviating conditions adopted by the Other Party or other reservations by the Other Party will be deemed to not have been accepted, unless Nunhems has accepted them expressly in writing.
- 2.2. Other agreements, proposed changes or additional agreements are not valid, unless they have been approved in writing by Nunhems

3. Argument

- 3.1. Changes to the Agreement must be made in writing. Oral agreements and arrangements discussed over the telephone are only binding if they have been confirmed in writing.
- 3.2. Any change to an Agreement is only valid if it has been confirmed in writing by both Nunhems

and the Other Party and the Other Party is required to handle each Agreement or change to an Agreement separately in all correspondence.

- 3.3. In case a change to the Agreement results in additional work, the Other Party will not carry out this additional work until after it has been approved in writing by Nunhems
- 3.4. Unless otherwise agreed in writing, the other party will not have the right to make partial deliveries.
- 3.5. Third Parties (in particular any subcontractor) may only be employed or replaced by the Other Party with Nunhems' prior written consent. If the Other Party intends to use subcontractors to perform the Agreement from the outset, the Other Party must inform Nunhems of this when submitting its offer. The Other Party shall (i) ensure that its subcontractors observe the requirements of this General Purchase Conditions. (ii) remain liable to Nunhems for any act or omission of its subcontractors.
- 3.6. Delivery of goods will take place in adequate packaging in accordance with the manner in which the relevant goods are transported, handled and stored as per the applicable provisions of law. The costs of the required packaging are included in the price. Special and/or costly packaging materials will be taken back by the Other Party against compensation of the costs charged on to Nunhems.
- 3.7. The following details must be included in all correspondence: the PO number and the date of the Agreement

4. Terms of Delivery

- 4.1. The term of delivery commences on the date of the Agreement. If the Other Party has reason to assume that it will not be possible to comply or to comply on time with all or part of its contractual obligations, it will be required to notify Nunhems thereof immediately while stating the reasons for and the presumed duration of the delay. If the Other Party fails to do so, it will not have the right to claim exemption from its liability for the delay resulting from the obstruction.
- 4.2. If the Other Party fails to deliver within the agreed term, it will be liable for this default. The Other Party will automatically be in default when the agreed term of delivery ends, without requiring any formal notification. In such cases, Nunhems will have the right to consider the Agreement void, without Nunhems owing any indemnification or compensation and depending on the notification to the Other Party by registered letter, to order the items or services that were not delivered elsewhere, all of this without limitation of Nunhems' rights to claim compensation.

NUNHEMS GENERAL PURCHASE CONDITIONS

5. Guarantee, liability and notification of defects

- 5.1. The Other Party guarantees that its goods and/or services are free from third-party rights or defects that could limit their value or impair their usefulness, that they have the agreed or guaranteed characteristics, that they are suitable for the purposes or the objective specified in the Agreement, that they comply with the requirements of generally-accepted technical practice, that the goods are provided with an indication of the manufacturer or the party that markets them, that they are provided with and accompanied by all documentation requested by Nunhems, irrespective of when Nunhems requested that documentation and that they comply with all applicable, most recent regulations in accordance with Indian law as well as all other applicable specifications and regulations, such as but not limited to those in the area of safety, the environment, working conditions and the protection of employees and accident prevention.
- 5.2. The Other Party furthermore guarantees that (i) none of the goods delivered or the services performed, including all parts, components and raw materials, were produced, delivered or performed in whole or in part contrary to any applicable trade or economic sanction, export control, embargo or any similar statutory order or ban, regulation, rule, measure, restriction, licence, including and without limitation those of the European Union, Switzerland, the United States of America, the United Nations and India (hereinafter the "Sanction Rules") and (ii) none of the third parties (such as auxiliary persons, suppliers or subcontractors) engaged in the production of the goods or the performance of the services come under any applicable Sanction Rules.
- 5.3. The Other Party will arrange for all licences and permits that are required in the country of origin. Timely availability of the required licences and permits is a condition for existence of the Agreement.
- 5.4. If the goods delivered or the services provided do not comply with any of the requirements, as required under these General Purchase Conditions, the Other Party will be liable in respect thereof and Nunhems will be free to demand remedy of the defect or the delivery of goods without defects, to cancel the Agreement or reduce the purchase price of the goods or services in accordance with the existing statutory conditions, or to demand compensation or reimbursement of costs. Nunhems will also have the right to submit a claim on the basis of the conditions of the guarantee if the Other Party guaranteed the characteristics or sustainability of the goods delivered. This does not apply to defects or

damage resulting from normal wear or incorrect processing by Nunhems. Nunhems is required to notify the Other Party of any defects in the goods delivered as soon as they are discovered during the customary course of affairs within its business.

- 5.5. The guarantee by the Other Party must extend to all goods and services that were created or delivered by subcontractors.
- 5.6. If the Other Party is notified of a defect, the term of the guarantee must be extended by the time that passes between that notification and the remedy of the defect. If the good or service delivered by the Other Party is replaced in its entirety by a new good or a new service, the guarantee period will start again; if part of the good or service is replaced, the guarantee period will start again for the new parts or services, as the case may be.
- 5.7. Goods or services that are the subject of a complaint pursuant to the guarantee remain available to Nunhems until the replacement goods have been delivered, after which they become the property of the Other Party.
- 5.8. In urgent cases or if the Other Party fails to remedy a defect, Nunhems will have the right to remedy the defect at the expense of the Other Party or to exercise one of the other guaranteed rights referred to in article 5.4.

Nunhems' acceptance of the delivery of goods or services by the Other Party does not release the latter from its obligations arising from the guarantee or any other conditions stipulated herein.

- 5.9. The Other Party indemnifies Nunhems against all third-party claims in connection with the Agreement between the Other Party and Nunhems and against all claims in connection with (product) liability as well as claims that arise from legislation relating to product liability if the defect that gives reason for the claim was caused by the good or service delivered, by the Other Party or by any supplier of the Other Party.
- 5.10. Notwithstanding these General Purchase Conditions, the Other Party remains responsible for the goods and services delivered pursuant to the existing statutory provisions.

6. Tests

- 6.1. If tests have been prescribed for the goods or services to be delivered, the Other Party will be obliged to pay for the costs of these tests, including its own personnel expenses, but with the exception of Nunhems' personnel expenses.
- 6.2. The Other Party is obliged to notify Nunhems at least five working days in advance of the date on which the goods or services are ready for

NUNHEMS GENERAL PURCHASE CONDITIONS

testing and it will be required to agree a date for the tests with Nunhems. The Other Party will be obliged to pay Nunhems' personnel expenses if the goods or services are not presented for testing on this date.

- 6.3. If defects are discovered in the goods or services during the performance of the tests, which defects make it necessary to repeat the tests or perform further tests, the Other Party will be obliged to pay for all related personnel expenses and other costs. The Other Party will also be obliged to pay for all necessary personnel expenses and other costs in connection with testing the materials that are used by it in the performance of the Agreement.

The Other Party will be obliged, at request, to submit documents to Nunhems in which the sums insured per event are stated.
- 7.3. Taking out special insurance for assembly/construction activities in addition to third-party liability insurance referred to in article 7.2 is always subject to a written agreement between Nunhems and the Other Party.
- 7.4. Any machines, equipment etc. provided to Nunhems on loan will be insured by Nunhems against the customary risks. Any further liability on the part of Nunhems for damage caused to such machines, equipment etc. is excluded, unless it is caused intentionally or as a result of gross negligence on the part of Nunhems

- 8.4. Any shipments that cannot be accepted by Nunhems because these regulations were not complied with will be stored for the account and risk of the Other Party. Nunhems has the right to inspect the content and condition of those shipments. Tools and equipment for assembly/construction must not be sent together with the goods.
- 8.5. The goods must be delivered in the place indicated by Nunhems DAP to the Place of Destination (Incoterms 2020) unless otherwise agreed. The risk and ownership of the goods passes from the Other Party to Nunhems upon Nunhems' receipt of the goods at its branch (which means when Nunhems signs the delivery documents that accompany the transport of the goods). In principle, deliveries are made on any statutory working day from Monday to Friday between 09:00 hours and 17:00 hours, unless otherwise prescribed in writing.
- 8.6. The goods delivered must comply with the conditions regarding their origin as specified in the applicable national and international laws, including without limitations the applicable EU laws and regulations, unless expressly otherwise provided for in the Agreement.
