Efficiency in growing and cleaning for
early winter!

Sureton F1

Efficiency in growing and cleaning for early winter!

This new leek variety sets a new standard in terms of growing and cleaning.

Sureton F1 is a uniform variety. It has an average length and growth rate and is more than suitable for the fresh market. Surprise your customers with this variety, the early winter solution!

- Responds to market demand through good uniformity
- Strong leaves: strong against trips, strong against delamination, no leaf cracks and good disease resistance package:
 - IR* : Puccinia allii
 - IR : Alternaria porri
 - IR : Pseudomonas
- Increased efficiency due to the ease of cleaning
- Harvest period: November till February included

Variety		Earliness	Leaf Color	Plant Type	Shaft Length
Sureton F1		5	8	8	5

Harvest period: from November until February included.

*IR = intermediaire resistentie
